Nielson Mining LLC :
Scott A. Nielson : 43 CFR 3809 - Surface Management Notice
3900 South Redwing Street :
West Valley City, UT 84119 :

Acknowledgement of Notice and Determination of Required Financial Guarantee Amount

Your Notice, assigned Bureau of Land Management (BLM) case file number UTU-90076, was received August 22, 2013. Please refer to this number in any future communication concerning the Notice. The Utah Division of Oil, Gas and Mining (UDOGM) case file number for your proposed Dry Wash Project is S/027/0056. The UDOGM case file number was also applied to previous BLM exploration Notices UTU-70693, which has been expired since January 20, 2005, and UTU-79883, which was established in May 2007 but never authorized.

Concurrence on a Financial Guarantee, or reclamation bond amount was received from the State of Utah on September 27, 2013. Your Notice is now complete and contains all information required by BLM surface management regulations at 43 CFR §3809.5.

Your notice proposes drilling four test trenches, or holes, up to 12 feet deep, requiring four excavation pads 10 feet by 10 feet, using no new road construction or road improvements. Each trench will be re-filled before another trench is begun. The project is located in Miller Canyon, Millard County, Utah at Township 10 South, Range 14 West, in aliquot parts of section 11. The proposed operation was reviewed by resource specialists who have determined the operation, as proposed, will not cause unnecessary or undue degradation as defined under 43 CFR §3809.5.

Amount of Financial Guarantee – This office has calculated a cost estimate, and consulted with the Utah Division of Oil, Gas and Mining on a cost estimate; BLM has determined that the amount of \$2,600.00 that is required by the UDOGM is sufficient to meet all anticipated reclamation requirements. The amount of the reclamation cost estimate was based on the operator complying with all applicable operating and reclamation requirements.

BLM's decision concerning the amount of the required financial guarantee, the determination that your Notice filing is complete, and the determination that your operations as proposed will not cause unnecessary or undue degradation, does not relieve you, the operator, of your responsibility to be in compliance with all applicable Federal, State and local laws and regulations, and to obtain all applicable Federal, State and local authorizations and permits. You are responsible for preventing any unnecessary or undue degradation of public lands and resources, and for reclaiming all lands disturbed by your operations.

Required Financial Guarantee – A financial guarantee in the amount of \$2,600.00 must be filed and accepted by the UDOGM or the Utah State Office of the BLM, 440 West 200 South, Suite 500, Salt Lake City, Utah 84145-0155. You must receive written notification from that office accepting and obligating your financial guarantee before you may continue surface disturbing operations.

The types of financial instruments that are acceptable to the BLM are found at 43 CFR § 3809.555. Please contact Rita Stelmach or Opie Abeyta, Land Law Examiners at the BLM Utah State Office, at (801) 539-4121 and (801) 539-4123 respectively for further information on the adjudication of financial guarantees.

This decision does not constitute certification of ownership to any entity named in the Notice or predecessor Notices, recognition of the validity of any associated mining claims, or recognition of the economic feasibility of the proposed operations.

Term of Notice – Your BLM Notice authorization will remain in effect for 2 years from the date of this decision unless you notify this office beforehand that operations have ceased and reclamation is complete. If you wish to conduct operations for another 2 years after the expiration date of your Notice, you must notify this office in writing on or before the expiration date as required by 43 CFR §3809.333.

Appeal of the Decision Determining the Required Financial Guarantee Amount - If you do not agree and are adversely affected by this decision, in accordance with 43 CFR §3809.804, you may request that the BLM Utah State Director review this decision. If you request a State Director review, the request must be received in the BLM Utah State Office, 440 West 200 South, Suite 500, Salt Lake City, Utah 84101-1345, no later than 30 calendar days after you receive this decision. A copy of the request must also be sent to this office. The request must be in accordance with the provisions provided in 43 CFR §3809.805. If a State Director review is requested, this decision will remain in effect while the State Director review is pending, unless a Stay is granted by the State Director. Standards for obtaining a Stay are given below. If you request a Stay, you have the burden of proof to demonstrate that a Stay should be granted.

If the State Director does not make a decision concerning your request for review of this decision within 21 days of BLM's receipt of the request, you should consider the request declined and you may appeal this decision to the Interior Board of Land Appeals (IBLA). You may contact the BLM Utah State Office to determine when BLM receives the request for State Director Review. You have 30 days from the end of the 21 day period in which to file your notice of appeal with the IBLA (see procedures below). If you wish to bypass a State Director review, this decision may be appealed directly to the IBLA in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must

be filed in the Fillmore Field Office (FFO) at 95 East 500 North, Fillmore, Utah 84631 within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR §4.21 for a Stay of the effectiveness of this decision during the time that your appeal is being reviewed by the IBLA, the petition for a Stay must accompany your notice of appeal. A petition for a Stay is required to show sufficient justification based on the standards listed below. Copies of this notice of appeal and petition for a Stay must also be submitted to each party named in the decision, to the IBLA, and to the appropriate Office of the Solicitor (see 43 CFR §4.413) at the same time the original documents are filed with this office. If you request a Stay, you have the burden of proof to demonstrate that a Stay should be granted.

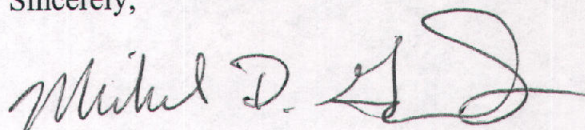

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a Stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied
2. The likelihood of the appellant's success on the merits
3. The likelihood of immediate and irreparable harm if the Stay is not granted
4. Whether the public interest favors granting the Stay

If you have any questions, please contact Duane Bays, BLM FFO Natural Resource Specialist, at (435) 743-3115.

Sincerely,

Michael D. Gates
Field Manager
